

CURRICULIM VITAE

Sarah Abdulsalam Hattab

Name: Sarah Abdulsalam Hattab

Gender: Female

Date of birth: 8/4/1991

Address: Baghdad / Al-Dora

E-mail: sarah.a.hattab@uotechnology.edu.iq

Education:

- **B.SC.** In Materials Engineering, University of Technology, Graduation Year: 2012-2013.
B.SC. Project: Preparation nanocomposite materials at low temperature.
- **MSC.** In Materials Engineering, University of Technology, Graduation Year: 2018.
MSC. Thesis: improving of corrosion resistance for low carbon steel by using conductive polymer coating.

Languages:

- Arabic.
- English.

Publications and Conferences:

Participated in the first international scientific conference of nanotechnology and advanced materials in the petroleum and gas on, the title of research is: "Anodic Inhibitor Doped Polypyrrole Coating to Reduce Corrosion in Petroleum Medium "

The first level of the conference was won and a letter of thanks was received from the respected university of technology president and the respected general manager of the company for the distribution of refined petroleum products. The acceptance of the publication was obtained by the Journal of Engineering and Technology on 17/9/2017.
